

§45-3. Additional appropriations.

Upon request and following a recommendation either pro or con by the Board of Finance, the Town Council may vote to make an additional appropriation to any Board, Commission, or agency not exceeding \$12,500.00, provided the amount requested together with the sum of additional appropriations made previously in the same fiscal year does not exceed the sum of \$12,500.00 from the Town Fund Balance. Provided that the sum of additional appropriations made previously in the same fiscal year are in excess of \$12,500.00 but not exceeding \$25,000.00, an affirmative vote of both the Board of Finance and the Town Council is required.

But if the amount requested together with the sum of additional appropriations made previously in the same fiscal year exceeds \$25,000.00 from the Town Fund Balance, such appropriation shall not be made until, upon recommendation either pro or con of the Board of Finance, the same has been approved by vote at a Town Meeting called for such purpose. If, however, the additional appropriation is funded entirely from a grant, donation, gift or other source of revenue received in the current fiscal year, other than local taxes, said appropriation in its entirety, regardless of amount, shall be made and approved following a recommendation either pro or con by the Board of Finance and approval by the Town Council.

§117-4. Exemptions.

Legal, professional engineering, student educational and auditing services shall be exempt. Consulting services shall be acquired through a "Request For Proposals" process unless a written justification is provided to and considered by the Town Council or Board of Education prior to approval of said contract or agreement for services.
